**DESIGN
SCIENCE**

YOUR HUMAN FACTORS PARTNER

Connect with hard-to-reach populations.

Capture data to understand real-world product use.

Produce actionable insights.

dscience.com | [@designscience](https://twitter.com/designscience)

We put people at the center of your product design and development process. Every step of the way.

We collaborate with stakeholders to reach creative solutions that empathize with customers, regardless of budget or technical constraints.

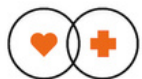

THE RESULT
Exceptional user experiences and unparalleled customer satisfaction.

Ready to Humanize Your Next Product?
Meet Us at **Booth 14** to Learn More.

RESEARCHCOLLECTIVE

We humanize healthcare.

Human factors research
for the future of medicine.

Human Factors Engineering

Our Human Factors Experts help you design safe, effective, and intuitive medical devices that achieve regulatory compliance and deliver commercial success.

Our extensive experience ranges from combination products used by laypeople in their homes—to surgical devices used by healthcare professionals.

Reach out to **THRIVE** today by calling **404.228.7342**.
