I was very impressed with the inventiveness and high-quality content of ErgoX.

Y. Ian Noy, Ph.D.
Liberty Mutual Research Institute for Safety

High-quality presentations with great access to the speakers for discussions throughout the conference

Cathryn Schau
Pearson

ErgoX looks to the future and its exciting possibilities. It's refreshing to see new ideas and novel approaches at an ergonomics conference

David Alexander
Auburn Engineers, Inc.

ergoX

an eXtraordinary
ergonomics event

June 19–21, 2017 | Tampa, Florida

You will leave ErgoX with:

- Insights on procedures, tools, and approaches for on-the-job safety and wellness
- Solutions for pressing workplace ergonomics issues
- Knowledge about ergonomics risk factors
