

Technical Group Membership

HFES sponsors 23 Technical Groups (TGs) that are concerned with the human factors aspects of specific application areas. The activities and areas of interest of the TGs are described below. TGs publish newsletters, sponsor sessions at HFES and other meetings, and provide a useful mechanism for the exchange of technical information. TG members also receive the biannual *Council of Technical Groups Digest*, a compilation of outstanding articles from TG newsletters.

Use this form to join or renew your membership in one or more HFES Technical Groups. Technical group membership dues are for the calendar year.
